## **2021-22 Host Site Stats Document**

Turner and StatBroadcast will be collaborating this academic year to transmit live stats to NCAA.com for championship events. As an NCAA championship host, your assistance is greatly appreciated in making this a success.

### **NCAA LiveStats Integration**

For hosts that utilize NCAA LiveStats, a representative from Turner will contact you regarding setup.

### **Downloading NCAA Broadcastr**

StatBroadcast's latest version of the Broadcastr software is required for setup. If you have a lower version previously installed, you will need to update in order to continue.

Please visit <http://www.statbroadcast.com/ncaa/setup/> for all information on downloading, setting up, and testing StatBroadcast on your scoring computer.

**Note: You will need Administrator access to your computer to install this software.** If you are receiving errors overwriting files, you may need your Campus IT staff to temporarily unlock your computer.

### **For Hosts using StatCrew (latest version required)**

All hosts using Statcrew will need to have the latest version of Statcrew software for their sport installed on their scoring computer prior to the championship being hosted.

If you are using Presto, Statcrew Next Gen or StatCrew sync for scoring, please contact Turner (contact information below), for alternate instructions.

***Please note: StatBroadcast is not affiliated with any other software.***
